ABOUT

SHE BELIEVED SHE COULD CHANGE THE WORLD

BOOK DESCRIPTION

A journey of courage, confidence & kindness — inspiring young girls to believe in themselves and their power to change the world. Encourages self-belief, resilience, growth mindset.

Best for ages: 3-8.

ABOUT THE AUTHOR

Hayley Murray is a writer, educator, and creator of Little World Changers, a movement inspiring children to understand their emotions and make a difference in the world around them. Through her books, Hayley combines storytelling with social and emotional learning to nurture kindness, confidence, and connection in every child.

WHY IT MATTERS

She Believed She Could Change the World was created for every little girl who needs to be reminded that her voice, her kindness, and her courage matter. In a world that often tells girls to shrink, this book invites them to take up space - to dream boldly, lead with heart, and believe in their ability to make a difference.

“This is the perfect resource to teach young children about the importance of mindfulness. As childhood anxiety numbers continue to rise, the need for early awareness and education on topics such as mindfulness, resilience, and self-esteem are more important than ever. The way this resource explores social and emotional learning for younger children is going to resonate so well with them, and give them the tools to continue their development in these areas in later life.”
